

NEWS RELEASE

APRIL 2007

INTASTOP GO OUT ON THE TILES AT BLACKPOOL

Intastop will launch a new addition to their door and wall protection range at this years HEFMA exhibition.

Their new **Tiled Sheet** is completely different to traditional ceramic products and cannot support the growth of mould because the surface is not porous as is traditional grout and the surface includes the antimicrobial BioCote®.

Intastop's new lightweight and durable **Tiled Sheet** replicates popular tiling effects and boasts the following benefits:

- Anti-bacterial Impregnation
- High Impact Resistance
- Fully Waterproof
- Meets UK and European Hygiene requirements

You can visit Intastop on Stand 32 where you will also be able to view their full ranges of Door Protection, Anti Ligature, Wall Protection, and Access Seals & Acoustics.
